Biography

Eric Galko is an experienced personnel executive, utilizing his experience and perspective from his work at the collegiate, NFL and XFL level of football. He has expansive, strong relationships with agents, coaches, influencers, and personnel that have allowed him success in his career, most directly in building the XFL from 2018-2020 in player personnel and strategy, rebuilding the East-West Shrine Bowl event to the premiere event, and creating a player scouting platform that aids colleges from every major conference evaluate and value players in the portal.

Statement

With nearly 20 years of professional experience in football personnel at the college and professional levels, I have focused my career on combining my legal, financial, negotiating and scouting abilities with elite relationship building. My career path has given me the experience to create efficient player scouting processes, innovate football financial models, and build successful football programs that will last in a competitive, evolving environment.

Education
