Biography

Ryan Vanhoy, who spent nine seasons building the Ole Miss cross country and track distance programs into powerhouses in the SEC, was named Cal Poly's Director of Track & Field and Cross Country on June 20, 2022, and is in his fourth year with the program in 2025-26. In his first year leading the Cal Poly cross country program, Vanhoy, the 2022 Big West Men's Coach of the Year, helped the Mustangs earn their first sweep at The Big West Championships since 2018 and their sixth in program history. A total of six runners secured All-Big West honors. Vanhoy guided the Cal Poly men to a dominant performance at the conference championships as the Mustangs finished with 22 team points — the best mark by the men's Big West champion since 2016. Cal Poly swept the top three places in the race and five athletes finished inside the top 10 individually.
